

Classification: Important Message to Parents

Operation: Students **P**articipate, **A**pply, **C**omprehend, and **E**xcel

Code Name: **SPACE**

Dear SPACE Parents:

You have been selected to participate in a parent's meeting on (date) 1530 hours (3:30 p.m.) in the NFMS Cafeteria because you have been found to have the "Right Stuff" ____ you are a parent! The SPACE Project is really a series of missions, each of which must be successfully completed before the next mission may be begun and we need you to assist.

Each mission will be progressively more challenging. But hey! Don't worry, the future of North Forsyth Middle School Horizons Science Program ____ perhaps even the world ____ is all that hangs in the balance. This mission is so important that you will be in direct communications with me, the Teacher.

The mission will require courage, fortitude, expertise, and a love for children. The future of our SPACE program for education and development is in your hands. Further information and details will follow at the meeting on (date) 1530 hours.

Sincerely,
Dona Evans
NFMS Horizons Science Teacher
SPACE Program Director
