## Negative Leaders Are Insecure

Followers (conformist) and Negative Leaders (non-conformist) react in very predictable ways when faced with new or threatening situations. These reactions are a mechanism for defending themselves against their feelings of insecurity.

They will: 1 - Act Shy, 2 - Act Silly, 3 - Smart off, 4 - Act Apathetic, 5 - Conform to the strongest leaders (negative or positive),

OR 6 – Break through and do the right thing no matter what others (negative leaders, jealous pathetic fools, uninformed idiots, uncultured barbarians, etc.) think.
